

August Product Update

Agent News

* There has been an increase in the number of stores wanting to decrease the quantity of special order items on their backorder list after the item has been received at the warehouse and is on the store's next order. Please check and keep your backorders current because the warehouse is not required to remove these from your order due to the reason that you ordered it, and we may not have other stores that have requested the product. Please contact us right away if you need to reduce the quantity of an item that is on your backorder because the product or the quantity is not what you want.

*DUBONNET APERITIF RED 592-097014-75 and USHER'S GREEN STRIPE 102-010278-17 are no longer repackable.

*Crown Royal Chocolate 110-010779-75 has had the case restrictions removed.

* Effective August 1st, 2025 the department's freight rate will increase from \$2.36 to \$ 2.43 per case. The new rate won't affect all prices, but bottle prices could increase by \$0.05. August price changes will be published with the Aug, Sep, Oct Price Book and on our website under product information (price files and discs)

* The warehouse will be closed September 22-26 as we transition to our new warehouse management system. The September pick Calander is now available online.

* Be sure and use the most recent price files to ensure you have the most current NABCA numbers since there have been some recent changes of the first three numbers on several products.

*A list of Montana Distillery Sales for 2025 has been added to the WEBSITE.
