

Intrastate Transportation -Marijuana & Marijuana Products, Marijuana Licensees/Employees/Transporters/Testing Labs:

Marijuana transportation (in-state only) by licensed marijuana businesses is allowed in certain circumstances. This document has been created as a guide for local and state law enforcement to assist in determining if the specified transport is legal.

- Any person(s) transporting marijuana must have a valid Montana marijuana worker permit, issued by the Cannabis Control Division.

- While in transport, all marijuana and marijuana products must be shielded from public view and secured in a locked storage compartment.

- Transport of marijuana must occur in vehicles that are lockable and equipped with a security alarm system.
- External markings, words, or symbols that indicate the vehicle is used for the transport of marijuana/marijuana products or that it is owned or leased by a marijuana business is prohibited.
- All marijuana transportation, except marijuana legally possessed by a registered cardholder or adult-use consumer, requires a valid transport manifest from the seed-to-sale tracking system (Metrc). Copies of the transport manifest and delivery receipts must be presented to law enforcement officers or authorized department employees, if requested per [ARM 42.39.413\(15\)](#).
- All transportation of marijuana and marijuana products must be accomplished within seven (**7**) days from the date and time of departure.
- Dispensaries may deliver to registered cardholders only.
- Delivery of adult-use marijuana is prohibited in the state of Montana.
- A marijuana business may transport their own product to another of its own licensed sites or to another licensed business.
- **Transporter Licenses** are only required for third-party transportation; transporters must complete the delivery the same day or keep any products in their licensed **Facility Storage** overnight.
- For compliance testing, only a licensed laboratory marijuana worker may collect samples from licensed premises and take the marijuana/marijuana products to the licensed testing laboratory.
