Written data, views, or arguments may also be submitted to: Todd Olson, Department of Revenue, Director's Office, P.O. Box 7701, Helena, Montana 59604-7701; telephone (406) 444-7905; fax (406) 444-3696; or e-mail [todd.olson@mt.gov](mailto:todd.olson@mt.gov) and must be received no later than 5:00 p.m., December 5, 2022.

6. Todd Olson, Department of Revenue, Director's Office, has been designated to preside over and conduct the hearing.

7. The Department of Revenue maintains a list of interested persons who wish to receive notices of rulemaking actions proposed by this agency. Persons who wish to have their name added to the list shall make a written request, which includes the name and e-mail or mailing address of the person to receive notices and specifies that the person wishes to receive notice regarding particular subject matter or matters. Notices will be sent by e-mail unless a mailing preference is noted in the request. A written request may be mailed or delivered to the person in number 5 above or faxed to the office at (406) 444-3696, or may be made by completing a request form at any rules hearing held by the Department of Revenue.

8. An electronic copy of this notice is available on the department's web site at [www.mtrevenue.gov](http://www.mtrevenue.gov), or through the Secretary of State's web site at [sosmt.gov/ARM/register](http://sosmt.gov/ARM/register).

9. The bill sponsor contact requirements of 2-4-302, MCA, do not apply.

10. With regard to the requirements of 2-4-111, MCA, the department has determined that the amendment of the publication referenced in the above-referenced rules may significantly and directly impact small businesses. While the extent of any potential impact is fact-dependent on the circumstances of each taxpayer, the department notes the following impactful changes based on the valuation resources adopted by the department:

- Personal property taxpayers are likely to see an increase in the taxable value of their property in 2023 as compared to 2022. The anticipated increase in taxable value is the result of the valuation process which first trends the acquired cost to an approximate current value before applying depreciation. The department has used the same source for trend factors for many years.
  - The 5-year average rate of increase in the trend factors for office equipment is 3.5%; the 2023 trend increased 14.12%.
  - The 10-year average rate of increase in the trend factors for miscellaneous furniture and fixtures is 2.28%; the 2023 trend increased 16.15%.
  - The 15-year average rate of increase in the trend factors for oil and gas field equipment is 2.21%; the 2023 trend increased 18.10%.
  - The 30-year average rate of increase in the trend factors for farm machinery and equipment is 2.46%; the 2023 trend increased 16.15%.
  - The 30-year average rate of increase in the trend factors for heavy equipment is 2.33%; the 2023 trend increased 12.18%

11. The department intends to adopt the above-described rule amendments during the fourth quarter of 2022, with an effective date of January 1, 2023. With regard to the requirements of 2-4-305(11), MCA, this rulemaking meets one or more of the exceptions provided in (11)(b)(ii) because ARM 42.21.155 and 42.22.1311 are procedural rules that already acknowledge and disclose that the valuation data source, which the department has adopted and incorporated into the rules (e.g., Marshall & Swift Valuation Service Guide) and uses to update the publication described in number 3 above, is unavailable until the third calendar quarter of any year.
